The Drug-Free Ashley County Coalition Student Prevention Groups' "Souper Bowl" canned food drive has been an amazing experience for both Hamburg and Crossett Student groups. We are very proud of both school districts for donating such a generous amount. Food pantries at various locations will now be well-stocked to help students and adults in need. The numbers greatly exceeded our expectations, and we are happy to have a combined total donation of **20,459 cans** for both districts.

Congratulations! Great job students and community. We are **one team** combating hunger.

Congratulations **HAMBURG** for collecting the most cans.

"Alone we can do so little; together we can do so much"

Again, thank you students, parents, school districts, and community members.
